## REPORTING OF CRITICAL OR UNUSUAL INCIDENTS

There may be times when certain situations occur that affect the health and welfare of a child in your care. We refer to these situations as "critical" or "unusual" incidents. Both CUA policy and State regulations require that these incidents be reported to us in a timely manner. This ensures that parents, CUA administration and other involved parties can be quickly notified and that necessary actions can be taken.

Listed below are the critical and unusual incidents that must be reported to your social worker and the required timeframes. If your social worker is not available, you need to contact the supervisor or administrator. When reporting critical or unusual incidents after hours or during the weekend or holidays please call our HOTLINE at (215) 564-0790).
